How to perform the sealing:

1. A label is fixed to the front of the cover. The radial pattern is positioned at the edge of the medium.
2. The medium is placed with the reverse side up. The right part of the cardboard package is lifted by means of a light push.
3. The medium is pushed into the box **REMEMBER:** The reverse side of the box up!
4. The right part is folded once towards the left.
5. Close the lid of the box. Important! Squeeze once with the right hand, whereby the label is fixed. The sealing is now completed!

How to remove the sealing:

1. The label is carefully cut with a pair of scissors or a knife.
2. The medium is pushed out.
3. The sealing is carefully removed. **REMEMBER:** Pull straight in the directions of the arrows.
